

# Outdoor Exhibits Activity Sheet

(Updated Spring 2019)

## Red River Journey

The Red River Journey is located just outside the south doors of the History Center, past the waterfall. On the Red River Journey, there are blue educational and botanical signs with medallions. Use this sheet to collect four of your favorite rubbings. Be sure to work with your group to answer the questions. (To collect a rubbing, place the paper on top of the medallion and color back and forth over the medallion with your pencil.)
