

Facility	City	County	Project	Description	Projected Cost	
OKPOP	Tulsa	Tulsa	Exhibit Galleries	Exhibit design, installation, acquisitions, outreach, and operating funds	\$20,000,000.00	
					Total	\$20,000,000.00
Will Rogers Memorial	Claremore	Rogers	Renovation	Build new collections storage facility, bring the building up to ADA standards, create a new events center, and enhance the exhibits	\$7,000,000.00	
					Total	\$7,000,000.00
Oklahoma History Center	Oklahoma City	Oklahoma	Create Route 66 Centennial Park, Exhibit, and Traveling Photo exhibit	The Route 66 Centennial is approaching in 2026. Significant tourism and related economic impacts may be anticipated if this exhibit element is in place and fully functional before the state and national centennial year celebration.	\$610,000.00	
			Update and renew "We Are Who We Were" exhibit	This project utilizes stimulus funds to both address impacts from lost revenue from tourism and to elevate the stories and awareness of Indigenous peoples in Oklahoma.	\$450,000.00	
			Tourist and Visitor Enhanced Recognition programs	The development of various tourist recognition graphic elements designed to enhance and promote the visibility, recognition, and engagement of tourists and visitors with the Oklahoma History Center. Enhanced and expanded graphics are planned for the History Center to encourage greater visitor recognition, awareness, and engagement.	\$150,000.00	
			Convert Halogen parking lot lights to LED lights	Impact would be better visibility and visitor safety, as well as significantly reduce operating and maintenance costs.	\$35,000.00	
			Create an Exhibit on Aviation in Oklahoma	The exhibit will explore the history of flight in the state through the diverse stories of over 100 years of Oklahoma aviators. Included will be the stories, development, and economic impact of airports across the state as well as the far-reaching impact that the FAA and its many programs has in the state and the world.	\$150,000.00	
			Red River Journey Restoration and Enhancement	The outdoor exhibits at the History Center are over 15 years old and require updates and refurbishment. These activities will enhance the use of the outdoor park area and improve tourist curb appeal for the facility.	\$250,000.00	
			Air Quality and Safety environmental Impact Programs	We propose to utilize portable air quality enhancement devices that are proven to mitigate virus and other airborne particle impacts by creating the gas form of Dry Hydrogen Peroxide from ambient oxygen and humidity.	\$50,000.00	
					Total	\$1,695,000.00
Cherokee Strip Regional Heritage Center	Enid	Garfield	Parking Lot Repair/Resurface	Resurface of the parking lot to maintain ADA accessibility	\$350,000.00	
			Gallery Renovations	The main gallery exhibits in the museum are over 10 years old. The exhibits need to be updated to continue to draw visitors to facility.	\$500,000.00	
					Total	\$850,000.00
Fort Gibson	Fort Gibson	Muskogee	Restrooms/Parking	Current parking is not ADA accessible and requires visitors to back out onto a state highway near a blind curve. This project would move the parking to corner at the new visitor center (the renovated hospital building). Parking at the stockade would also be surfaced to compile with ADA and restrooms would be constructed to increase capacity.	\$1,000,000.00	
			Perimeter and Stockade Fence	Construction of a new perimeter fence and relocation of a section of the stockade fence. Work includes harvesting raw timbers, treating timbers, installing new fencing, and demolishing old section of fencing. This will improve accessibility and safety by directing visitors to parking areas and keeping them off the historic grounds.	\$600,000.00	
			Commissary Exhibits	The original commissary building housed the visitor center for the site. The visitor center is moving to the hospital and exhibits will be constructed in the commissary to explain the function of the commissary and how frontier soldiers were provisioned and fed.	\$500,000.00	

Facility	City	County	Project	Description	Projected Cost	
			Dragoon Barracks	The current condition of the Dragoon Barracks at the fort render them inaccessible to the public. The renovation would include removal of HVAC systems, repairing and reconditioning plaster ceiling and walls, repairing floor, reconstructing historic windows, replacing decking on balcony, reconditioning brick porch and other pertaining task identified in the historic structures report. This will prevent further deterioration to the structure and restore the structure to its historical state while improving accessibility to the structure.	\$1,400,000.00	
					Total	\$3,500,000.00
Multiple Sites	Statewide		All-Black town signs	Update and replace the OHS signs in the historically All-Black towns	\$50,000.00	
					Total	\$50,000.00
Fort Towson	Fort Towson	Choctaw	Trails/Signage/Parking	This project will install a new drive and parking lot for the visitor center and the renovation of the deteriorated trail system and fencing at Fort Towson in Ft. Towson, OK. Work includes new drive and ADA parking lot and resurfacing trails connecting the historic ruins and buildings, installing new signage for the historic structures, outdoor exhibits and repairs to perimeter fence and gates.	\$2,000,000.00	
			Doaksville Site Renovation	Doaksville is an important archaeological resource. This project includes adding a bus turnabout, adding trails and signage, replacing entry gate, replacing crypt lid and repairing stonework. This will make the site more readily accessible to interpretation by the public and, by nature of the additional visitation, protect the site from vandalism.	\$400,000.00	
					Total	\$2,400,000.00
Honey Springs Battlefield	Checotah	McIntosh Muskogee	Trail Improvements/Visitor Signage/Parking and Entrance Improvements	This project improves the 6 miles of interpretive trails, provides trailhead signage, provides signage to identify the site and entrance gates to the main visitor center. It also includes the repair and resurfacing of the parking lot and drive.	\$1,400,000.00	
			Outdoor Programming Space	Construct a patio at the back of the building overlooking the historic Texas Road. This will provide outdoor programming and event space.	\$500,000.00	
			Road and Bridge	This project is the repaving of 1 mile of road and bridge repair on the main access road for the battlefield. Work includes repairing cracks, resurfacing road, striping the road, repairing ramps to bridge, and infilling bridge piers.	\$600,000.00	
					Total	\$2,500,000.00
Hunter's Home	Park Hill	Cherokee	Visitor Center	Construction of a new visitor center to facilitate the transformation of this antebellum home into a living history farm. The center will provide orientation space for visitors, restrooms, offices for staff, collections storage and a gift shop. This will open spaces in the historic house for the public and accessibility while minimizing wear and tear on the historic house.	\$2,000,000.00	
			Living History Farm Development	This project is to restore the historic farm portion of the site for visitor to experience an 19th-century Cherokee farm. Project includes fencing, barns, replacing a bridge over creek, restoring orchards, etc.	\$1,100,000.00	
					Total	\$3,100,000.00
Museum of the Western Prairie	Altus	Jackson	Parking lot and Entrance	The parking lot has become hazardous and no longer meets ADA requirements. The parking area will be redesigned to meet current parking requirements and the front entrance to the museum will be redesigned. The current entrance is not ADA accessible.	\$900,000.00	
			Provide Access to Exterior Exhibits	The exterior exhibit space at the museum is not ADA compliant. This project will provide a ramp from	\$800,000.00	
					Total	\$1,700,000.00
Oklahoma Territorial Museum	Guthrie	Logan	Restroom Renovations	Redesign and update of the public restroom facilities to address ADA compliance issues	\$250,000.00	

Facility	City	County	Project	Description	Projected Cost	
			Gallery Renovation	This project is the renovation of the first floor exhibit area of the Oklahoma Territorial Museum in Guthrie, OK. Work includes redesigning the space, graphic production and installation, installation of new flooring, painting, lighting systems. This will improve visitor experience by replace the 20 year old exhibits.	\$500,000.00	
					Total	\$750,000.00
Pawnee Bill Ranch	Pawnee	Pawnee	Restrooms	The restrooms in the main museum do not meet ADA guidelines. New restrooms need to be constructed.	\$800,000.00	
			Parking lot/Pasture Drive	Resurface the visitor parking lots and 1.5 miles of exhibit pasture drive for visitors to view livestock	\$1,200,000.00	
			Exhibit Renovation	The front gallery in the museum has been renovated with private and grant funds. This funding would complete the renovation of the back gallery at the museum giving the museum a whole new look.	\$400,000.00	
					Total	\$2,400,000.00
Pioneer Woman Museum	Ponca City	Kay	Patio Construction/Exterior Programming	Construct a patio for an outdoor programming and event space overlooking a 14 acre park	\$500,000.00	
			Exhibit Renovation	The exhibit galleries in the museum are over 15 years old and need modernized to continue to drive visitation.	\$600,000.00	
					Total	\$1,100,000.00
Sod House Museum	Aline	Alfalfa	ADA Site Improvements	Increase the capacity and accessibility of the restrooms and provide an accessible hard surface parking lot.	\$900,000.00	
					Total	\$900,000.00
Spiro Mounds Archaeological Center	Spiro	LeFlore	Parking/Trails/Signage	This project is a new parking lot and renovation of existing trail and signage system. Work includes redesign and installation of new parking lot and redesigning and repairing current sections and installing new sections of asphalt trails with interpretive signage to meet ADA requirements. This will improve accessibility and address safety concerns and allow visitors to tour the historic mounds and other archaeological remains on the 80 acre tract.	\$1,000,000.00	
					Total	\$1,000,000.00
Cabin Creek Battlefield	Big Cabin	Mayes	Update and Replace Signage	The signs on the battlefield need to be replaced	\$75,000.00	
					Total	\$75,000.00
Multiple Sites	Statewide		Historical Marker Repair/Replacement	The marker program began in the late 1940s with over 640 markers placed to date around the state. Though funding has sporadically been available for new markers, no funding has ever been provided for repair or replacement. It is estimated that up to 1/2 of the markers are in need of repair or replacement. This project would provide funding for repair/replacement and collecting GPS locations so the public can better utilize the historical marker program.	\$1,024,000.00	
					Total	\$1,024,000.00
Multiple Sites	Statewide		Technology Tools for Virtual Learning and Events	The shutdown of our museums and sites during COVID forced the OHS to move into virtual programming. This will be a continuing expectation of our audience and hardware and software upgrades are needed at our facilities to met this demand. The virtual programming promotes the sites and encourages future visitation.	\$85,000.00	
					Total	\$85,000.00

Facility	City	County	Project	Description	Projected Cost	
Cherokee Strip Museum	Perry	Noble	Redesign/Repair of Parking and Drive	In addition to repairing and resurfacing the existing parking lot and drive, the project includes redesigning the layout to meet modern requirements for parking space and ADA compliance. This will increase the parking capacity for visitors and improve access for school buses.	\$450,000.00	
					Total	\$450,000.00
Fred and Addie Drummond Home	Hominy	Osage	Porch Restoration	Repair the porch on the historic structure to provide an outdoor programming space.	\$350,000.00	
					Total	\$350,000.00
Henry and Anna Overholser Mansion	Oklahoma City	Oklahoma	Interior Finish/Furniture Conservation	This project is the cleaning, restoration and conservation of the interior furnishings and finishes within the Overholser Mansion in Oklahoma City, OK. Work includes repairing and preserving historic artifacts and interior walls: historic wall paper, plaster, etc. This will improve the longevity and life of the property.	\$700,000.00	
					Total	\$700,000.00
The Chisholm/Seay Mansion/Horizon Hill	Kingfisher	Kingfisher	Complete revisioning of the facility	Transitioning the museum into The Chisholm: Oklahoma Museum of Innovation to focus on the history of business and enterprise in Oklahoma. This funding would cover the exhibit design and construction.	\$900,000.00	
	Kingfisher	Kingfisher	Exterior Programming Space	Repair the porch at Horizon Hill (Territorial Gov. Seay's Mansion) and associated exterior surfaces to preserve the mansion and provide a safe exterior programming space	\$900,000.00	
					Total	\$1,800,000.00
					Sum Total	\$53,429,000.00
