"The attendance has been good.  
 But very little sickness, nothing serious.  
 Scholarsh & deportment fair.  
 Harmony & peace prevailed throughout the term.  
 Many pupils left during last two weeks of  
 session by request of parents Guardians &c. This, we  
 think, is grave mistake that needs attention.

## CHEROKEE MALE SEMINARY

Compiled from records in the archives of the Oklahoma Historical Society for Carnegie Library at Tahlequah, Okla.

The erection of the two seminaries was begun in 1847.

The male seminary was located about a mile south and west of Tahlequah. The first classes were graduated in 1855. Two years later its doors were closed because of lack of funds for maintenance and operation and were not re-opened until more than fifteen years later.

The Male Seminary was opened on May 6, 1851 and Rev. Thomas B. Van Horne of the Theological Seminary at Newton near Boston, and Mr. O. L. Woodford of Connecticut, from the senior class of Yale College, were employed to teach in the Male Seminary. After it was reopened in 1875, Mr. F. M. English, an Oxford graduate was Principal teacher, but he left before the term was completed and Mr. Robert L. Owen finished the term.
