REQUEST FOR PROPOSALS
STATEWIDE PRESERVATION OUTREACH PROGRAM

Project No. 20-802

I. INTRODUCTION
The Oklahoma Historical Society, State Historic Preservation Office (OK/SHPO), is soliciting proposals for a cosponsor to continue publication of the statewide preservation newsletter, Preservation Oklahoma News; to maintain the Oklahoma Preservation Calendar of Events; to prepare a National Register of Historic Places (NRHP) Registration Form; to host conservation/restoration workshops; and to complete phase I of the online preservation toolkit.

Two of the goals identified in Sooner Rather Than Later: Let’s Preserve Oklahoma’s Past (State Plan 2020) are to increase public awareness of Oklahoma’s archeological and historic resources and the importance of their preservation and to develop and maintain an effective statewide network to communicate preservation information, needs, and concerns. The statewide newsletter and the calendar of events produced under this project will contribute to the accomplishment of these goals. With limited staffing and funding, the OK/SHPO needs a cosponsor to carry out these important activities.

Additionally, the State Plan identifies the registration of significant historic properties and assisting organizations in preservation advocacy efforts as goals. Preparation of NRHP nominations and completion of phase I of the online preservation toolkit as part of this project will address these priorities.

The successful applicant for this project will be a Subgrantee of the OK/SHPO and will be responsible for providing the required nonfederal matching share. The OK/SHPO has set aside $20,000 in federal funds from the U.S. Department of the Interior’s FY 2020 Historic
Preservation Fund (HPF) for the project. The required federal/nonfederal matching ratio for this activity is 60% federal/40% nonfederal. The Subgrantee's 40% of total direct costs may be cash, in-kind services, or a combination of cash and in-kind services. However, a cash match is preferred. The nonfederal matching share must be for expenses directly related to providing the project products specified in this RFP and must be valued and documented in accordance with *Guidelines for Subgrantees* (available online at http://www.okhistory.org/shpo/rfp.htm). **NOTE: The purchase of equipment is ineligible as a part of this subgrant project. Additionally, indirect costs cannot be charged against the federal funds available for the project nor used as nonfederal matching share.**

**II. WORK TO BE ACCOMPLISHED**

The work to be accomplished under this subgrant shall include (A) production and distribution of the statewide preservation newsletter, (B) maintenance of the online Oklahoma Preservation Calendar of Events, (C) preparation of an acceptable-quality NRHP Registration Form for an individual property as detailed below, (D) host at least one conservation or restoration workshop, and (E) complete Phase I of the online preservation toolkit.

A. The Subgrantee, in direct consultation with the OK/SHPO, shall develop, produce, and distribute the statewide historic preservation newsletter as follows:

1. The newsletter shall be published on a quarterly basis. Under the terms of this subgrant the newsletter will be published in October 2020, January 2021, April 2021, and July 2021. Each issue shall be mailed no later than the fifth working day of its issue month (i.e. October, January, April, and July).
2. The newsletter shall be distributed free of charge to a statewide distribution list. The minimum distribution will be to the OK/SHPO's General Mailing List which contains approximately 4,500 entries. The OK/SHPO shall provide the most current version of the mailing list possible in Excel format and transmit it to the Subgrantee by e-mail for each issue of the newsletter. The Subgrantee
shall detail in the proposal if and how this list will be expanded. In addition to producing the necessary copies for mailing, the Subgrantee shall provide the OK/SHPO 50 copies of each issue for use in its outreach programs. The Subgrantee may also produce additional copies for its use, and the proposal shall state the number to be printed for that purpose.

3. The Subgrantee shall provide the newsletter in its final form to the OK/SHPO in an electronic format that can be posted to the OK/SHPO's website no later than the fifth working day of the newsletter's issue month. The Subgrantee may also post the newsletter to its website.

4. Each issue of the newsletter shall contain current, relevant, and professionally written and edited materials for the broad Oklahoma preservation audience. The OK/SHPO desires a geographical balance of material. Every effort shall be made to include items of interest to the many different "fields" of preservation (history, architecture, architectural history, planning, archeology, engineering, geography, landscape architecture, law, etc.).

5. The Subgrantee shall be responsible for soliciting and collecting newsletter copy and illustrations, designing the newsletter layout, developing specifications for its printing, and mailing the publication. The OK/SHPO requires that the newsletter be professional in appearance and content. To maintain the existing newsletter's identity, each issue must use the format and paper stock of the current publication or an updated design that is subject to the OK/SHPO's approval. The Subgrantee shall provide the newsletter on its website in PDF format and begin offering the newsletter in online only format through the newsletter and on its website.

6. Each issue must contain a minimum of eight (8) pages. A sample of the current newsletter can be found online (http://www.okhistory.org/shpo/shponews.htm) or for a hard copy by contacting the OK/SHPO at 405/521-6249.

7. Because the newsletter is to be a true preservation partnership, co-editors shall be responsible for its content. The Subgrantee shall provide the name
and resume of the individual who will represent it as a co-editor. The OK/SHPO’s co-editor shall be the Deputy State Historic Preservation Officer.

B. The second element of the project consists of maintenance of an Oklahoma historic preservation community calendar of events. It shall be a prominent feature of the Subgrantee’s website, and the OK/SHPO shall include a link to the calendar from its website. The OK/SHPO believes the calendar provides an effective means for increasing public awareness about historic preservation-related conferences, workshops, lectures, exhibits, and other events and assists sponsors (e.g. OK/SHPO; Oklahoma Main Street Center; Oklahoma Main Street towns; Preservation Oklahoma, Inc.; federal, tribal, state, and local agencies; nonprofit organizations; neighborhood associations; etc.) of these events in their promotional efforts. In its proposal, the applicant shall describe its process for maintaining the online calendar, including solicitation/identification of events to list, how the calendar will be featured on its website, how its availability will be publicized, and a recommended policy for determining the appropriateness of entries.

The OK/SHPO requires that there be no fee charged for listing entries on the calendar nor for access to it and that the National Park Service-required acknowledgement of support statement (see Guidelines for Subgrantees) be included on the calendar.

C. The third element of the project will result in preparation of an acceptable-quality NRHP Registration Form for an individual property that meets the National Register Criteria for Evaluation. This element of project work shall conform to the following requirements.

1. The property for which the nomination shall be prepared shall be selected from either Preservation Oklahoma’s 2020 Most Endangered Historic Places list or be located in one of the counties identified by the OK/SHPO as under-recognized by its NRHP Program. These include Cotton, Dewey, Harmon,
McClain, and Major counties. (NOTE: After execution of the subgrant agreement, should it be infeasible to pursue nominations from either of these categories, the Subgrantee and the OK/SHPO shall consult to determine substitutes, such as properties identified in the OK/SHPO’s Historic Preservation Fund-supported survey program.)

2. The OK/SHPO prefers that the nomination be for a property in public ownership. If a privately owned property is included in the proposal, the Subgrantee shall provide a signed affidavit confirming the owner's interest in having the nomination prepared, and the OK/SHPO reserves the right to substitute a property for any one proposed by the applicant.

3. The nomination will be prepared in accordance with Oklahoma National Register Nomination and Request for Formal Determinations of Eligibility Manual (the Manual) and submittal requirements available online at http://www.okhistory.org/shpo/nominationrequirements.htm (hard copies available from OK/SHPO upon request), and the Subgrantee shall retain an appropriately qualified professional to carry out the preparation of the nominations. If the Subgrantee proposes that staff of its agency/organization do the work, the proposal must clearly identify this person and demonstrate their ability to meet the Secretary of the Interior's Professional Qualification Standards in the field appropriate for the property type proposed for nomination and demonstrate recent, successful NRHP nomination projects completed. "Recent" is defined as nomination work completed within the past five (5) years, and "successful" means a nomination that resulted in formal listing in the NRHP or a formal Determination of Eligibility issued by the Keeper of the Register.

4. The applicant will prepare a complete, computer-generated National Register of Historic Places Registration form for the property. The nomination should ultimately result in the inclusion of the historic properties on the NRHP.

a. Description of Final Product

Interior’s Standards and Guidelines for Archeology and Historic Preservation” and the Manual.

i. A computer-generated National Register of Historic Places Registration Form (2012 update) shall be produced for the property with all items satisfactorily completed in accordance with the nomination and submittal requirements cited above. The nomination must be professionally written and edited for grammar, spelling, punctuation, and clarity. The OK/SHPO will provide the Subgrantee with a copy of the nomination template upon request. The Subgrantee will provide the nomination to the OK/SHPO on CDs and provide two (2) blank archival-quality CDs for the nomination for the OK/SHPO’s use in submission of the final nominations to NPS. All data will be produced in Microsoft Word format.

ii. Additional materials for the property nomination shall include:
   a. Maps
   b. Photographs
   c. Exhibits A & B (available on the page cited above)
   d. Copy of research material

http://www.okhistory.org/shpo/nominationrequirements.htm (hard copies available from OK/SHPO upon request).

D. The fourth element of the project includes hosting at least one (1) historic preservation-related workshop. The Subgrantee shall retain the services of a qualified professional to present at least one workshop with a historic preservation focus. Subgrantee shall use subgrant funds to cover eligible costs related to the workshop(s). These costs may include travel costs for speakers and materials related to the workshop. No subgrant funds will be spent for food, entertainment, or decorations, nor can any of these unallowable costs be included in the Subgrantee’s nonfederal matching share for this project. The workshop(s) shall be open to the public. Subgrantee shall provide the OK/SHPO with a copy of any executed agreements (if an agreement is executed) with the speaker(s) within seven days of execution.

E. The final element of the project includes completion of Phase I of an online preservation toolkit. Layout design, website content, and topics to be covered by the toolkit shall be completed in consultation with the OK/SHPO. Phase I shall consist of website organization and preparation of the first completed section of the online toolkit to go live. Subgrantee shall also maintain registration of the website domain, Subgrantee shall not upload information to the toolkit once live without approval of content from the OK/SHPO. Subgrantee shall submit a progress report detailing the organization process and content of the website no later than January 1, 2021, and a final report no later than May 31, 2021.

Adequate review times must also be included for other project products (for example, at least thirty days for review of NRHP nomination), and the OK/SHPO reserves the right to adjust these review periods in consultation with the Subgrantee prior to execution of the subgrant agreement.
